...de luces (2007)

Tiene su origen en *Alborada en el Aire* (obra de cámara para oboe y trío de cuerdas). El ataque de los instrumentos de viento y su estela sostenida por los armónicos de las cuerdas, alimentan una imagen estelar, los acordes contruidos por quintas dan una consistencia estática. Momentos corales, pequeños cromatismos, repeticiones y arpeggios recrean un movimiento interno con algunos elementos disruptivos y otros temáticos, donde disonancias y consonancias conforman el devenir de juegos de tensiones. Finalmente una imagen de oscuridad y/o brillo celeste.

Claudio Alsuyet (Buenos Aires, 1957), es autor de una importante producción para orquesta, coro, grupos de cámara y medios mixtos. Estrenado en varios continentes, receptor de premios y becas, Alsuyet fue compositor residente en el Instituto Superior de Arte del Teatro Colón en el año 2000, del cual también fue su Director y actualmente es su Vicedirector.

Alsuyet recurre diferentes medios, géneros y sonoridades, desde voz y piano en sus lieder hasta combinaciones de instrumentos y procesamiento en vivo.

Buenos Aires y su música popular están muy presentes en su producción, reflejado especialmente en su serie de obras *Buenos Aires*.

Para más información acerca de su obra puede visitar su sitio web: www.claudioalsuyet.com
